Session – 2022-23

The institution has established a sub-committee called IT Sub-Committee to oversee its IT facilities provided in the different departments and computer laboratories including the library. The sub-committee monitors on a monthly basis mostly and updates the facilities provided there with reference to regular system backups, dust cleaning, speed checking, anti-virus updates, system optimization, Wi-Fi upgrades, IP address maintenance, and physical LAN checking, and the overall institutional LAN mapping.

LAN Facilities: The college has installed LAN with a high Configuration Server. Installation of server based local area network (LAN) facility to provide fast flow of data across computers, internet connection in departmental computers to browse study materials, research paper, etc.

The college has one Learning Resource Centre (LRC) equipped with five working machines and one computer Laboratory dedicated for commerce Department (equipped with seven machines) and another computer laboratory (equipped with five computers) for Geography Department. All computers are interconnected through LAN. The network is provided by BSNL with band width 200mbps. For the Department of Mathematics, Statistics and Education new network is provided by Alliance Broadband with bandwidth of 60 Mbps.

The IT subcommittee starts initiative for two more new network connection with addition of the existing two network connection and making the Wi-Fi availability in the whole campus.
