**Report of the Departmental seminar held on 20.12.2016**

The Departmental seminar entitled “*Smart Materials AND Their Real World Applications*” by the Department of Chemistry was organized on 20.12.2016. A total number of fifty one (51) students (B. Sc. Part-I to III), five internal faculties (Dr. Sucheta Joy, Mr. RabiulAlam, Ms. Bandana Bera, Mr. Manoj Ghosh and Mr. Abhijit Kr. Maal) and two invited faculties have attended the seminar. Our respected TIC Madam, Prof. Sujata Bandyopadhyay, was also present on that event and delivered a talk to encourage the present students. This was followed by three lectures by Power point presentation. List of the lecture presentations are listed below:

**Lecture - I:** “Application of nanotechnology” by Mr. Shantanu Maity and Mr. Koushik Pal  
B.Sc. Part –III (Hons.)

**Lecture - II:** “Introduction to Liquid Crystals” by Mr. Pradip Dhara, Mr. Surav Jana and Mr. Apurba Maiti, B.Sc. Part –II (Hons.)

**Lecture - III:** “Metal based Anticancer Drugs” by Ms. Rinku Ghanta and Mr. Subhankar Bera, B.Sc. Part –III (Hons.)
