# Initiatives

The institution participates in a number of community outreach programs through its Departments, NSS, NCC, Women's Cell, Cultural Subcommittee, and Nature's Club in an effort to raise social consciousness and support students' overall growth.

**Community Service:** In neighbourhoods where the impoverished reside, the Women's Cell and NSS units organise volunteer projects. These include campus clean-up campaigns, reading campaigns, health screenings for girls, blood donation drives, and tree planting campaigns. To encourage socialisation and a sense of community, a few departments host community lunches for staff and students.

**Awareness Campaigns:** The Nature's Club of our institution organises eco-drive events such as celebrating Tree Plantation Day, World Environment Day, World Water Day, International Girl Child Day, Ban Plastic Campaign, Water Preservation Campaign, and awareness rally to promote environmental awareness regarding protection of trees, and natural resources, etc.

Additionally, awareness programmes like raising slogans, poster competition, webinar, and so on are organized to address various social issues such as mental health, women's hygiene, COVID awareness, women's protection, and gender gaps among the students.

An awareness rally to the local temple to preserve intangible heritage resource by the Humanities department adds another feather to the College's extension activities.

**Cultural Events:** A variety of cultural events, including inter-school exhibitions, inter-departmental model exhibitions, and yearly festivals, are planned. The college organizes Students' week, Science week each year to inculcate scientific knowledge among the students.

**Philanthropic Activities:** The organization frequently plans philanthropic activities for charitable purposes. COVID relief among the localities, cloth distribution among the slum dwellers are some of them.

**Facilitation Activities:** Conducting a field based offline survey to facilitate the UGC initiative with an aim to analyze the impact of the dreadful Covid 19 pandemic on the social, mental, and economic well-being of the mass population of Champadanga and adjoining areas of Tarakeswar has been considered as one of the significant facilitation activities during COVID outbreak.

## **Impact:**

These extension initiatives have substantial effects. Students grow into engaged citizens with a stronger sense of social responsibility. Pupils get more knowledge about the social issues affecting their community and work to find solutions. Through these activities, they also acquire important life skills that they may apply in both their personal and professional lives, such empathy, teamwork, and leadership.

## **Outcome of the initiatives:**

Most of the initiatives have gained huge positive vibes among the students as well as in the locality. Students can develop sympathy for people in need and an understanding of the need of giving back to society through community service.

Students become cautious about societal and environmental issues and participate in community service to raise awareness. Students learn about their role in creating a better society through interaction during the sessions.

Students also pick up vital abilities like cooperation, leadership, and communication. Cultural events, philanthropic activities, and awareness campaigns help them develop intercultural competency, sympathetic attitude and an appreciation of the variety within the community. It helps development a sense of honour and respect for their native culture.

# Rabindra Mahavidyalaya Champadanga, Hooghly

## Session-wise Extension Activities

<b>Name of the Programme</b>	<b>Drama performance by students to highlight negative impacts of patriarchal society</b>
<b>Organizing Unit</b>	Department of Bengali, Rabindra Mahavidyalaya
<b>Date:</b>	November 9, 2022
<b>Event category</b>	Social Outreach Programme
<b>Brief Report</b>	<p>The Department of Bengali <b>performed a drama</b> titled “Aparajita” for the students participating in the Golden Jubilee celebration on the College campus on November 9, 2022, to highlight the <b>negative impacts of patriarchal society on their everyday life</b>. Most middle-class and lower-class females nevertheless experience "<b>double disadvantage</b>" (gender and belonging to lower-strata of the society) situation at their home because of their rural upbringing and gender, making them members of the <b>social lower echelons of society</b>. In Indian rural families, gender-specific intra-household allocation of resources manifest within the patriarchal set up which the girls face as they grow up; as it is commonly acknowledged that the son is expected to run the household in future and the daughter will be married and sent to another family.</p>

<b>Name of the Programme</b>	<b>Promoting financial awareness among the girl students</b>
<b>Organizing Unit</b>	Nature's Club
<b>Date:</b>	Golden Jubilee Programme (November, 2022)
<b>Event category</b>	Social outreach programme
<b>Brief Report</b>	One of the gender-centric flavours in the Golden Jubilee Celebration included the Food and Handicraft stalls organized by the students. It's a perfect execution of promoting financial empowerment among the undergraduate students across both genders. In the process of organizing the stalls, the students made smart financial decisions and this inculcated good habits like preparing a budget, calculating market risks, calculating profit, marketing skills, and keeping track of the sales and profit. Beyond instilling basic financial skills and habits, it was noted that the students fostered a strong sense of empowerment, self-confidence, and teamwork during the process of organizing the stalls.

<b>Name of the Programme</b>	<b>Inter-School Science Model Exhibitions and Competitions</b>
<b>Organizing Unit</b>	IQAC, Rabindra Mahavidyalaya
<b>Date:</b>	Golden Jubilee Programme (November, 2022)
<b>Event category</b>	Social Outreach Programme
<b>Brief Report</b>	<p>With a view to encouraging, popularising, and <b>inculcating scientific temper among the students and local community as well as contributing towards a holistic growth</b>, the College organizes <b>science model exhibitions</b> every year. Here students from different departments showcase their talents in Science and the applications in different areas related to our everyday lives. During the Golden Jubilee Celebration, special model exhibition competitions were organized. In order to ensure the widest possible participation and involvement of students of the college and schools situated nearby the College in the programme, the College organised the exhibition in two phases.</p>

# Glimpses of Cultural Programmes organized by the College

Name of the Programme	<b>A Training &amp; Development Programme for the designated job profile of Front Office Associates</b>
Organizing Unit	Placement Cell, Rabindra Mahavidyalaya
Date:	December 21, 2022

<b>Name of the Programme</b>	<b>Medical Check up</b>
<b>Organizing Unit</b>	Rabindra Mahavidyalaya
<b>Date:</b>	January 6, 2023
<b>Event category</b>	Celebrating Students' Week
<b>Brief Report</b>	On the occasion of Students' Week on 2023, a Medical Camp was conducted for students' health check-up. Several health parameters, viz. blood pressure, height, oxygen level, were measured for the students.

Name of the Programme	<b>Poster Competition</b>
Organizing Unit	Rabindra Mahavidyalaya
Date:	January 6, 2023
Event category	Social Awareness Programme
Brief Report	On the occasion of Students' Week on 2023, a poster making competition was conducted for girl students with the theme of the benefits they receive from various Government schemes, especially Conditional Cash Transfer Scheme.

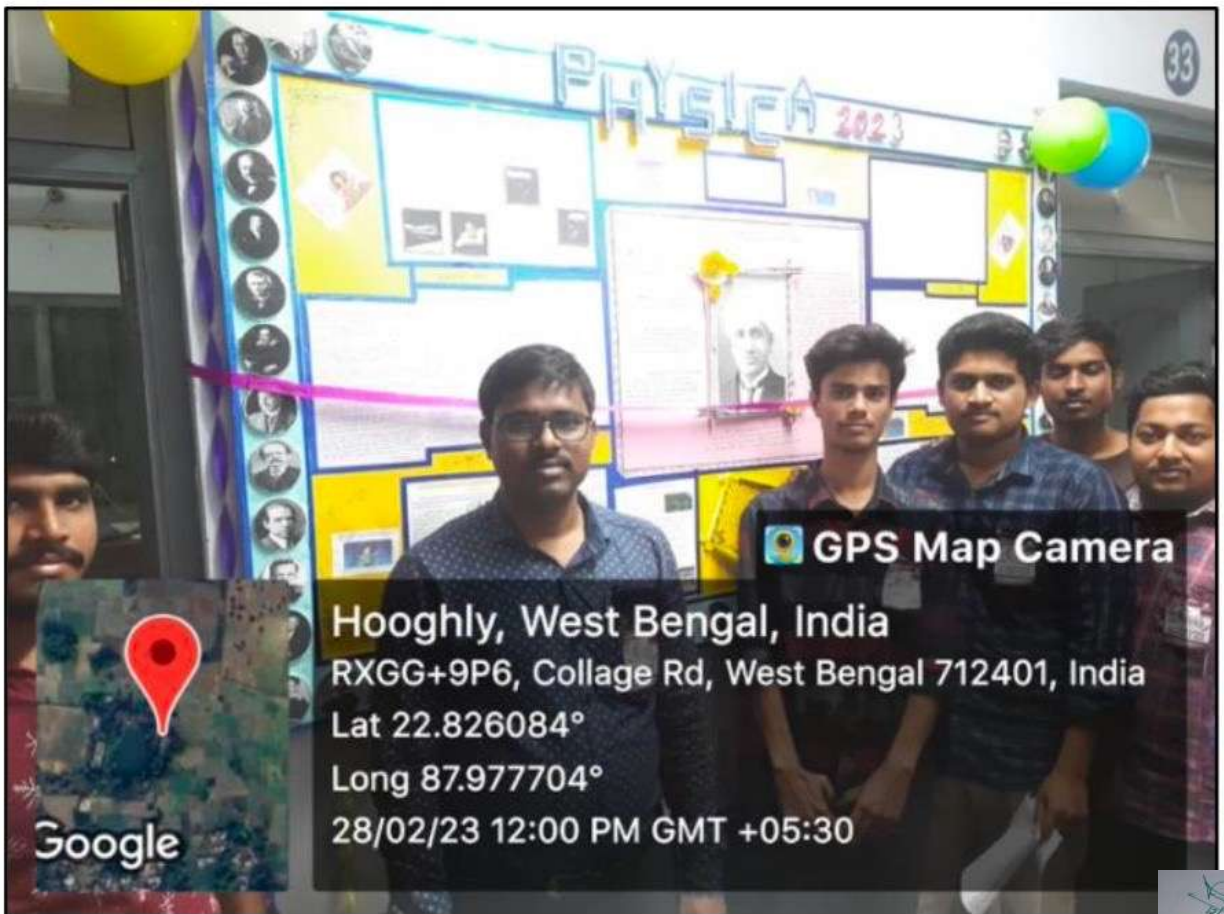

<b>Name of the Programme</b>	<b>Blood Donation Camp</b>
<b>Organizing Unit</b>	Rabindra Mahavidyalaya
<b>Date:</b>	February 10, 2023
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	A blood donation camp was organized by our NSS units in collaboration with the students union of the college on 10th February 2023 at college campus, through which total 30 units of blood donated by both students and the staff members of our College. Our principal sir encouraged all the donors and he also thanked all the donors for the noble steps they have taken.

<b>Name of the Programme</b>	<b>Thalassemia Awareness Programme</b>
<b>Organizing Unit</b>	Rabindra Mahavidyalaya
<b>Date:</b>	February 10, 2023
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	Thalassemia is an incurable disease. Only awareness may help us to protect ourselves from this curse of the society. Therefore the NSS units of Rabindra Mahavidyalaya organized a Thalassemia Awareness Camp in Rabindra Mahavidyalaya in association with the Bishnupur Thalassaemic Guardian Society, Bishnupur. Our honourable Principal Dr. Prasanta Bhattacharyya has inaugurated the programme with welcome of the chief guest and discussed about some important point about the Thalassemia. Then the chief guest Sri Prabir Sen gave a speech on the said topic.

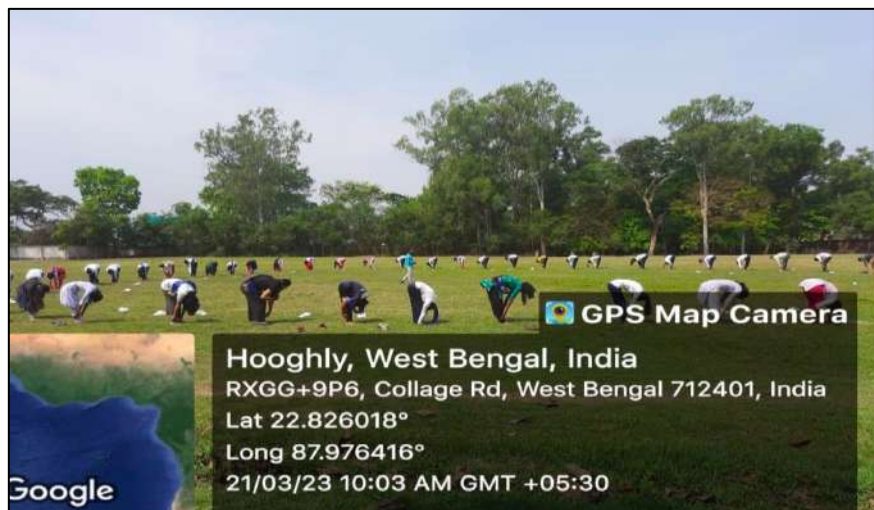

<b>Name of the Programme</b>	<b>Celebrating National Science Day as the session of AZADI KA AMRIT MAHOTSAV</b>
<b>Organizing Unit</b>	Department of Physics, Rabindra Mahavidyalaya
<b>Date:</b>	February 28, 2023
<b>Event category</b>	Science Awareness Programme
<b>Brief Report</b>	The Department of Physics at Rabindra Mahavidyalaya <b>celebrated National Science Day</b> as the ending session of <b>AZADI KA AMRIT MAHOTSAV</b> . Integrated Approach in Science and Technology for Sustainable Future’ was the theme of this year's National Science Day. On this occasion, the department published their Departmental Wall Magazine ‘PHYSICA’ and conducted a seminar on ‘Use of Scientific knowledge on our day-to-day life’. The retired Professor of the College Mihir Kumar Ghosh was invited to deliver the lecture; the Principal Sir inaugurated the programme.

<b>Name of the Programme</b>	<b>Special Lecture on "Socio-Ecological Balance in Sundarbans-A Field Based Experience"</b>
<b>Organizing Unit</b>	Department of Geography
<b>Date:</b>	March 15, 2023
<b>Event category</b>	Social Outreach Programme
<b>Brief Report</b>	<p>The institution's Department of Geography presented a <b>Special Lecture on "Socio-Ecological Balance in Sundarbans-A Field Based Experience"</b> on 15 March 2023, featuring Mr. Umashankar Mandal, also referred to as "Mangrove Man." During his talk, he discussed how the Sundarbans, the world's biggest mangrove forest, are crucial in protecting the greatest delta from numerous natural disasters. The Sundarbans are covered in 26 different species of Mangroves that both protect the forest's biological equilibrium and act as a tall barrier against storms that threaten the Bay of Bengal coast. Both the teaching faculty from the Bio-Science streams and the students benefited from his firsthand, real-world expertise. During his presentation, he showed the scorching images of Alia and its catastrophic consequences on the Sundarbans common people's way of life. This definitely made the students more aware and sensitized regarding nature, livelihood vulnerability and related risk-coping challenges.</p>

<b>Name of the Programme</b>	<b>Special Camp</b>
<b>Organizing Unit</b>	Department of Geography
<b>Date:</b>	March 20-26, 2023
<b>Event category</b>	Social Outreach and Awareness Programme
<b>Brief Report</b>	<p>The 7 days NSS special camp was conducted by Rabindra Mahavidyalaya, Champadanga NSS units on <b>20th march to 26th march 2023</b> at college campus. The seven days of the camp were divided into various sessions like motivational speech, yoga and its benefits, Bratachari, cultural programme, health awareness programme by Dr. Prakash Mallick, seminar -on prevention of Sickle Cell Disease, awareness in blood donation , homeopathy camp, campus cleaning etc. The students actively participated in the campaign. NSS programme officers took great efforts to conduct the programme smoothly.</p>

<b>Name of the Programme</b>	<b>Celebrating World Planting Day</b>
<b>Organizing Unit</b>	Nature's Club and NSS Unit
<b>Date:</b>	March 21, 2023
<b>Event category</b>	Environmental Awareness Programme
<b>Brief Report</b>	An awareness rally was organized on 21/03/2022 by <b>Nature's Club</b> in collaboration with <b>NSS units</b> of College to motivate students and local people regarding afforestation. The aim is to inculcate the idea of possible effects that have arisen due to cutting of trees.

<b>Name of the Programme</b>	<b>Awareness rally to address water and sanitation problem</b>
<b>Organizing Unit</b>	Nature's Club and NSS Unit
<b>Date:</b>	March 22, 2023
<b>Event category</b>	Environmental Awareness Programme
<b>Brief Report</b>	An awareness rally to address the water and sanitation problem on the occasion of the World Water Day was organized by <b>Nature's Club</b> in collaboration with <b>NSS units</b> to motivate students and local people regarding proper <b>cleaning and preventing the wastage dumping within water bodies</b> . Cleaning of college campus, especially the large pond at the centre of the College campus as well as ponds of surrounding locality included as another motto of the programme. A seminar session was also fruitful in generating awareness among the students regarding water and sanitation issues. Principal Sir gave a keynote address to the topic. Other club members gave their valuable speech to the audience.

<b>Name of the Programme</b>	<b>One week Plantation Programme by celebrating <i>Banmahotsav</i></b>
<b>Organizing Unit</b>	Nature's Club and NSS Unit
<b>Date:</b>	August 17 - 18, 2022
<b>Event category</b>	Environmental Awareness Programme
<b>Brief Report</b>	<p>Groups of students were made to conduct various programmes by the Nature's Club and NSS units. Students participated in the Tree Plantation Programme, a venture stated by Forest Division and was organised under the common platform of Nature's Club with NSS units on 17.08.2022 and 18.08.2022. Survey of the plants with proper restoration measures were performed from time to time. Students prepared posters related protection of trees, protection of natural resources, stop pollution etc. to generate mindfulness among the common people.</p>

Name of the Programme	<b>Raising awareness of the value of mangroves among students and the local population</b>
Organizing Unit	Department of Geography
Date:	April 9, 2023
Event category	Environmental Awareness Programme
Brief Report	<p>The Indian Sundarbans (4263 km<sup>2</sup>) is the largest delta in the world. Each year, several cyclonic storms hit Sundarbans and severely damage mangrove vegetation, households, livestock and agricultural fields. The Department of Geography, in partnership with <b>Purbasha Eco Helpline Society</b>, planted mangrove in the Chargheri areas of South 24 Parganas, Indian Sundarbans, to safeguard the mangroves from natural catastrophes and to <b>raise awareness of the value of mangroves among students and the local population</b>. Although it was just the beginning for the students, the mangrove plantation gave the local rural population a wider range of <b>employment opportunities</b>. In West Bengal's rural areas, it will also support the <b>advancement of women's empowerment</b>.</p>

<b>Name of the Programme</b>	<b>Community lunch</b>
<b>Organizing Unit</b>	Department of English
<b>Date:</b>	May 27, 2023
<b>Event category</b>	Social Awareness Programme
<b>Brief Report</b>	<p>With an aim to eradicate the difference among themselves on the basis of caste, creed or religion, the Department of English organized a <b>community lunch</b> for all teaching staff and students of Semester VI (Hons.) on 27th may, 2023 from 3.30 p.m. to 4.30 p.m. The main slogan of the programme was “<b>Sharing meals bring people together, promote socialization, and foster a sense of belonging</b>”. The programme ensured that all students received a nutritious meal regardless of their socio-economic background. It also assured that when students from different cultures come together to share food, it can be a great way to learn about and appreciate each other’s cultures. Undoubtedly, the programme carried a holistic approach by bringing all students under one umbrella. A number of 52 students (Male:14, Female: 38) participated in the programme.</p>

Name of the Programme	Movie show to spread awareness on sexual harassment
Organizing Unit	Department of English, Rabindra Mahavidyalaya
Date:	May 27, 2023
Event category	Social awareness programme
Brief Report	the Department of English of Rabindra Mahavidyalaya organized a <b>movie show</b> “Sirf Ek Banda Kaafi Hai” with an aim to spread awareness on <b>sexual harassment</b> among the pupils. Since the said film is a powerful tool for raising public awareness and sensitization to social issues, it assisted the students in becoming aware of the pressing problems facing society. A number of 52 (Male: 14, Female: 38) students were present to watch the movie show. All the teachers of the department were present that day to monitor the entire programme.

<b>Name of the Programme</b>	<b>Preserving intangible heritage of the locality</b>
<b>Organizing Unit</b>	Heritage Cell, Rabindra Mahavidyalaya
<b>Date:</b>	August 27, 2022
<b>Event category</b>	Social Outreach Programme
<b>Brief Report</b>	<p>INTACH (Indian National Trust for Art and Cultural Heritage), an All India based Heritage Non-Government Organization, working on heritage preservation all over India inspired the History Department to form a Heritage Cell in the institution. Champadanga and its circumference has a rich architectural heritage. The locality has so many terracotta temples of middle age. One of those temple is situated just within 200 metres of the College. On this occasion, the Cell has organized a rally on 20.03.2023 to the said temple. The cell members and around 42 students from the History and English Department have taken part in the rally. Students and volunteers gathered information about the temple. Teachers and students talked to the local people and convinced them regarding the importance of conservation of the temple because that temple is a heritage. The temple is now in a dilapidated condition. The temple's frontside is decorated like ornament with beautifully minutely carved at least 50 terracotta plates with <i>shivalinga's</i> different motifs and <i>Vishnu Dashavataras</i>, and various daily life activities of medieval Bengal.</p>

# Event Report Details

Session: 2021-22

Name of the Programme	Programme on Gender Equity
Organizing Unit	Women's Cell
Date:	March 8, 2022
Event category	Awareness Programme
Brief Report	“Break the Bias” - following this slogan the International Women's Day in the year 2022 was celebrated by the Women's Cell of the College. The cell members arranged a programme following the International Women's Day theme to move towards a bias free gender equal world to make our girl students aware of the domestic violence and how to tackle this problem and how women can protect themselves from harassment in workplaces. The main speaker of the day was Ms. Rangta Munsri, a renowned Lawyer, Human Rights activist and Member, APDR. Ms. Munsri advised the girl students how to tackle with domestic violence, where and how to complain, and also harassment of female staff in workplaces and its solutions.

<b>Name of the Programme</b>	<b>Mental health counselling</b>
<b>Organizing Unit</b>	IQAC and WHY (A Non-profit Organization)
<b>Date:</b>	April 2022 onwards
<b>Event category</b>	Counselling
<b>Brief Report</b>	<p>The teenagers who were under lockdown or were affected by the COVID- 19 epidemic carried both short-term and long-term psychological and mental health problems.</p> <p>Keeping their mental health condition in mind, our institution organised a programme titled “<i>Developing Mental Health and Social Awareness Programme for current Generations</i>” just after reopening of the College under the aegis of the Internal Quality Assurance Cell (IQAC) and Women’s Cell of Rabindra Mahavidyalaya in collaboration with WHY (Wellbeing and Happiness for You), an independent and non-profit making Organization accredited by The National Council of Education, Bengal (NCEB) addressing the social and cultural backdrop of mental health and developing timely social awareness about the challenges posed by the Covid- 19 pandemic in a series of one-to-one counselling.</p>

School of Counselling & Promotion of Wellbeing  
National Council of Education, Bengal  
(Parent body of Jadavpur University)

**Report of internship held at Rabindra Mahavidyalaya, Champadanga**

Post Graduate Diploma in Person Centre Counselling and Holistic Well-being conducted by National Council of Education conducted an internship program for its 7th batch students on and online platform for Champadanga College. First of all we would like to convey our heartfelt gratitude to Dr Susmita Sengupta and the authorities of the concerned College for giving us the opportunity to successfully conduct the internship program in a time when most of the educational institutes were closed down due to COVID 19. The students who had completed their course and passed the written and Practical Examination were allotted students from Rabindra Mahavidyalaya, Champadanga for counselling.

The students from the post graduation course interacted with the students of Rabindra Mahavidyalaya who needed counselling. Most of the students successfully completed the internship program. The interaction where held regularly once a week and both the counsellors and clients benefited by the interactions.

Students from Rabindra Mahavidyalaya had reported that they received a safe space where they could share their problems without being judged. The students were able to share their problems through the counselling process and most of them were able to come out of the situation or handle the situations in a better way.

The common problems that the students shared with their counsellors were lack of focus, low confidence, family problems, relationship issues, anxiety about their future to mention a few.

We at National Council of Education, Bengal would like to continue this liaison for future too.

Session: 2020-21

<b>Name of the Programme</b>	<b>Facilitation of COVID-19 Pandemic Awareness Study to support UGC Initiative</b>
<b>Organizing Unit</b>	IQAC, Rabindra Mahavidyalaya
<b>Date:</b>	June 25-29, 2020
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	<p>To analyze the impact of the dreadful Covid 19 pandemic on the social, mental, and economic well being of the mass population of Champadanga and adjoining areas of Tarakeswar, a survey was conducted based on study using both online structured questionnaire and offline field interview that revealed the level of awareness amongst the rural population of Tarakeswar region of Hooghly district of West Bengal. The survey showed findings in the areas mentioned below:</p> <ul style="list-style-type: none"><li>➤ The respondents comprised of mainly young aged persons with variable basic education and economic background.</li><li>➤ Awareness level regarding using different precautionary measures as prescribed in the guidelines of WHO was found to be diverse with some believing in maintaining all precautions while some showing total ignorance.</li><li>➤ Acceptance of lockdown as the only indispensable measure to combat Covid-19 pandemic was also partial as facing hunger was considered as more dreadful event than pandemic.</li></ul>

# Dry Food Relief given by the College during Corona Outbreak

# COVID Awareness Programme organized by the College

To  
The principal  
Rabindra Mahavidyalaya  
Champadanga, Hooghly

Date: 11/09/2021

**Sub: Seeking permission for monetary contribution to the female staff of college canteen during COVID outbreak**

Respected Sir,

With due honour, the undersigned would like to inform you that understanding the dismal situation prevailing in this COVID period, the teachers' council has decided to extend philanthropical hand to the female staff of the canteen of our institution in the form of contributing Rs.6000/- monthly until the college reopens.

Kindly grant our permission on humanitarian ground.

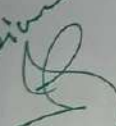

Thanking you,

Your Sincerely,

  
Secretary

Teachers' Council

<b>Name of the Programme</b>	<b>Introducing RMV Online Portal to facilitate the online study of students during COVID</b>
<b>Organizing Unit</b>	Central Library and IT Sub Committee, Rabindra Mahavidyalaya
<b>Date:</b>	June 2020 onwards
<b>Event category</b>	A prototype model for integrated library services and online activities
<b>Brief Report</b>	<p>An integrated system for library services from a single window was developed in as prototype model. This web based system integrated some services like paperless requisition, document delivery, tracking of class done, accessing TLMs etc. The system helped the users to access library a lot in 24 × 7 hours.</p> <p>It was almost the substitute of most the physical activities of this institution like online class, attendance system, feed system, notice, online library services such as e-requisition, e-document delivery, providing online books and journals, TLMs, User Orientation Programme. The Portal was a platform of cultural activities such as observation of Rabindra Jayanti, Teachers' Day, International Yoga Day, quiz competitions, online exhibitions and many more.</p> <p>A range of national and international webinars, lection series, workshops had been organized through this portal. YouTube Channel - 'RMV Online' under this platform also became a very popular media to those communities for pandemic pedagogy. The portal was just a single window of all educational, cultural and social activities during those crisis days.</p> <p>Activities included establishing You tube Channel (RMV Online), conducting International , National and State Level Webinar ,Workshop, Online Quiz Competition, Observation of Rabindra Jayanti, to motive students for online education as well as to become tech-savvy, Online exhibition on Death Anniversary of Rabindra Tagore, Technical support for 15 webinars, 1 seven-days workshop, 3 lectures etc. through online mode, WhatsApp Group for all the faculties and other staff, Initiation of e-Document delivery system through the portal, Arranging display of text books in the website (scanned pages), TMLs management in the Google Drive through the portal, Collecting and uploading e-books to TLM management system, Students' feedback system for each subject, Help to the departments (automatic notice system, uploading videos, class report generation etc.)</p>

<b>Name of the Programme</b>	<b>Webinar of COVID awareness among pupils</b>
<b>Organizing Unit</b>	Department of Botany and IQAC, Rabindra Mahavidyalaya
<b>Date:</b>	June 26-27, 2020
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	<p>The unpredicted and unexpected outbreak of the dreadful corona virus Covid-19 brought deep impact on the lives of almost all sections of the society worldwide. Our country was also badly hit and faced total lockdown in order to minimize the spread of the virus. Student life and academics came under a total stall. In an attempt to bring the students back into their academic life and also to make them aware of the happenings that were taking place worldwide, our department had organized a webinar with the following.</p> <p><b>Objectives:</b></p> <ol style="list-style-type: none"> <li>1. To make the students and all participants aware of the situation and the probable cause of the dreadful pandemic.</li> <li>2. To create awareness regarding minimization of the spread of virus and ways to educate the community.</li> <li>3. To take preventive as well as therapeutic measures if infected.</li> <li>4. To cater to the overall mental health of students as well as of the entire community.</li> </ol> <p><b>Outcome</b></p> <ol style="list-style-type: none"> <li>1. Large number of participants enrolled in the program.</li> <li>2. Huge positive feedback was obtained from participants belonging to different strata of society.</li> <li>3. Request for organizing future program pertinent with the ongoing situation was also placed by large number of participants.</li> </ol>

## ABOUT THE WEBINAR

History of civilization has witnessed several pandemics since ages. All of them had their own socio-economic implications that led to the woes and sufferings of humankind. Yet again, history has repeated itself in the form of a novel Coronavirus, Covid-19 that has not only emerged as a catastrophic health emergency but has blatantly challenged all spheres of technological understandings and high throughput advancements across the globe. This disastrous situation caused by the attack of the invisible enemy Covid-19 is believed to have resemblance with that of previous World Wars, with every passing moment inflicting numbers of life, causing fatality, anxiety, uncertainty and depression. Besides, novelty of Covid-19 has compelled the researchers of all countries to work round the clock for searching for immediate respite. Such pandemics are more than a health problem which brings about profound long lasting effect on the human psyche. Therefore, the crisis if not treated scientifically and symptomatically could lead to the retreat of entire civilization and culture. Hence, devising new strategies and decoding new ways of mitigation, adaptation and resilience against Covid-19 is the need of the hour which again reminds us of Darwin's proposition of 'Survival of the fittest' instead of strength. The present webinar aims at providing knowledge of the viral etiology, its behavior within host and the present progress in clinical research across the globe. In addition, it also hopes to rejuvenate our mental health and moral spirits that is extremely required to cope up with upcoming challenges when walking through the unprecedented global outbreak of Covid-19.

## Session: 2019-20

<b>Name of the Programme</b>	<b>Tree Plantation Programme</b>
<b>Organizing Unit</b>	Nature's Club and NSS Unit
<b>Date:</b>	July 20, 2019 to July 26, 2019
<b>Event category</b>	Environmental awareness
<b>Brief Report</b>	Such programmes were conducted by the Nature's Club to foster the general awareness to uplift the quality of environment by means of active plantation, proper maintenance and preservation of trees, along with other vegetation. Students were divided in groups under NSS units and a week long programme (20.07.2019 -26.07.2019) was organised under the common platform of Nature's Club with NSS units.

<b>Name of the Programme</b>	<b>Maintenance of Medicinal Garden and Other Trees</b>
<b>Organizing Unit</b>	Nature's Club and NSS Unit
<b>Date:</b>	July 20, 2019 to July 26, 2019
<b>Event category</b>	Environmental awareness
<b>Brief Report</b>	Survey of the plants for their proper maintenance was carried out by Nature's Club team under the guidance of Mr. Bijoy Chakraborti (an eminent person of the locality who has express his suggestions). His knowledge about local flora and being a painter by profession, he has enriched the students to a great extent. Students collected different plants and planted them, cleaned the dropped litter and maintained the gardens within the college campus.

Name of the Programme	<b>Eco Awareness Seminar</b>
Organizing Unit	Nature's Club
Date:	August 1, 2019
Event category	Environmental awareness
Brief Report	Eco awareness seminars were organised by Nature's Club to instigate and imbibe the core values within the students. Seminars were conducted to celebrate the birthday of eminent environmentalists, such as Gopal Chandra Bhattacharyya on 01.08.2019.

<b>Name of the Programme</b>	<b>Water Resource Management</b>
<b>Organizing Unit</b>	Nature's Club
<b>Date:</b>	August 20, 2019
<b>Event category</b>	Environmental awareness
<b>Brief Report</b>	Preservation of water resources, avoid wastage, proper drainage and attainment of sustainable source of clean water were key themes of seminar 'JOL' organised by Nature's Club on 20.8.2019. The honourable speakers Dr. Rahuldeb Biswas and Dr. Debabrata Mazumdar gave a keynote message regarding the proper utilization of water as a resource.

**RABINDRA MAHAVIDYALAYA, CHAMPADANGA**

Dated: 08.08.2019

**NOTICE**

It is informed to all the concerned that Nature's Club is going to organize a seminar on water conservation.

Date	20.08.2019
Organizing Unit	Nature's Club, Rabindra Mahavidyalaya, Champadanga, Hooghly
Event	"JOL" (WATER)
Speakers	Dr. Rahuldeb Biswas Dr. Debabrata Majumdar
Venue	Room No. 06
Timings	12 noon - 3p.m
Participants	Students, Teachers and Non-Teaching Staff members of the College
Aim	Preservation and Protection of Our Natural Resources - Conserving water can help preserve our natural resources. - Implementation of water conservation - Education program discourages wasteful water use at all times. - Establish a sustainable source of clean water.

  
Dr. Shelly Sinha  
(Convener, Nature's Club)

  
Principal  
Rabindra Mahavidyalaya  
Champadanga - Hooghly

<b>Name of the Programme</b>	<b>Distribution of cloths to marginal people</b>
<b>Organizing Unit</b>	Nature's Club
<b>Date:</b>	September 30, 2019
<b>Event category</b>	Social outreach programme
<b>Brief Report</b>	<p>Distributing clothes to the marginal people by Women's Cell of our institution demands a real credit. On September 30, 2019 five teachers, two non-teaching staff went to Tarakeswar Railway Station to distribute clothing and sanitary napkins to the women living in the adjacent slum. Instead of being an age-old as well as historic rail station, Tarakeswar Rail Station (8 km from college) carries a big slum in its vicinity, where every shadow of poverty is transparent. It is a duty to extend a generous hand to the slum dwellers by distributing clothes and sanitary napkins to them. Generating awareness and educating social as well life skill to the students was a motto of the programme that will surely help them to be a good human-being in near future.</p>

Name of the Programme	<b>Organizing Seminar ‘Beti Bachao, Beti Padhao’</b>
<b>Organizing Unit</b>	Women’s Cell and NSS Unit
<b>Date:</b>	January 24, 2020
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	<p>‘Beti Bachao, Beti Padhao’ (BBBP) Scheme was launched on 22nd January, 2015 to address the issue of decline in Child Sex Ratio in India along with concerned issues of girls’ empowerment, over a life cycle continuum. As directed by the Government, the College conducted an awareness programme on the National Girl Child Day to promote equal opportunities in education, healthcare, and nutrition and also raising awareness of the injustices that girls face. The programme was held jointly with NSS units of the institution.</p>

<b>Name of the Programme</b>	<b>Dengue awareness and prevention programme</b>
<b>Organizing Unit</b>	NSS Unit
<b>Date:</b>	March 3, 2020
<b>Event category</b>	Awareness Programme
<b>Brief Report</b>	This programme was held on 3 <sup>rd</sup> march 2020 at room no. 74 of our college. The aim of the programme was to build Awareness of Dengue and its preventive measures taken by the NSS volunteers. On this day NSS volunteers made a door to door campaign on awareness of dengue and preventive measures to be taken on the adopted villages under Champadanga Gram Panchayet, Tarakeswar, Hooghly. The volunteers took out cleaning drive by applying bleaching powder along with the sewer.

## Session: 2018-19

<b>Name of the Programme</b>	<b>Spreading awareness among the girl students of rural areas on the taboos around menstruation on the occasion of International Women's Day</b>
<b>Organizing Unit</b>	Women's Cell
<b>Date:</b>	October, 10, 2018
<b>Event category</b>	Awareness Generating Programme
<b>Brief Report</b>	Members of Women's Cell motivated the girl students to break the various taboos about menstruation and not to feeling low for being women. She showed videos about Women's bravery. Dr. Papiya Dutta, member of the Cell delivered her speech and asked the girls not to keep silence about their problems.

<b>Name of the Programme</b>	<b>Raising Slogan for joining hands for women's protection</b>
<b>Organizing Unit</b>	Women's Cell
<b>Date:</b>	November 30, 2018
<b>Event category</b>	Awareness Generating Programme
<b>Brief Report</b>	The members of Women Cell delivered their experiences on torture against women in lower middle class to high society and told about some pathetic incidents. Prof. Ambalika Biswas of English Department and member of the Cell showed videos on various laws about preventing torture against women. Two girls discussed about their problems. One girl and one boy delivered motivational speech.

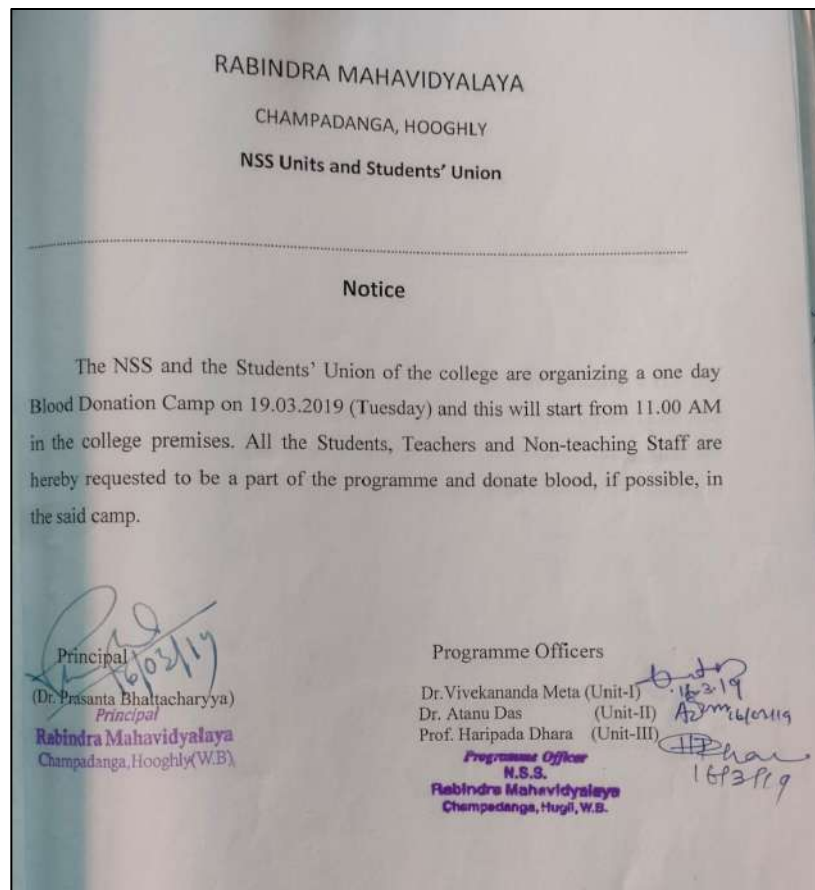

<b>Name of the Programme</b>	<b>Preservation of Natural Resources and Conservation of Cultural/ Historical Heritage</b>
<b>Organizing Unit</b>	NSS Unit
<b>Date:</b>	March 11, 2019 to March 17, 2019
<b>Event category</b>	Special Camp
<b>Brief Report</b>	NSS units of Rabindra Mahavidyalaya, Champadanga, Hooghly, organized a special camp in the adopted village, DhangPara, Sardarpara and SahaChak Under Champadanga Gram Panchayet, from 11.03.2019 to 17.03.2019. This special camp was organised with the help of Champadanga Gram Panchayat. The main project for this camp was based on, to make the village free from open defecation .The Volunteers of the NSS units performed many other activities – awareness programmes as literacy, tree plantation, health and hygiene, construction and repairs, etc.

<b>Name of the Programme</b>	<b>Blood Donation Camp</b>
<b>Organizing Unit</b>	NSS Unit
<b>Date:</b>	March 19, 2019
<b>Event category</b>	Special Camp
<b>Brief Report</b>	A blood donation camp was organized by our NSS units in collaboration with the students union of the college on 19 <sup>th</sup> march 2019 at college campus, through which more than 50 units of blood donated by both students and the staff members of our college. Our principal sir encouraged all the donors and he also thanked all the donors for the noble steps they have taken.

<b>Name of the Programme</b>	<b>Philanthropical activities for female slum dwellers</b>
<b>Organizing Unit</b>	Women's Cell
<b>Date:</b>	March 29, 2019
<b>Event category</b>	Social Outreach Programme
<b>Brief Report</b>	Under the supervision of Women's Cell Convenor Prof. Sujata Bandyopadhyay, followed by members Prof. Ambalika Biswas, Dr Papiya Dutta, and students of English and History department visited railway adjacent slum at Tarakeswar to distribute clothing, sanitary napkins, and soaps to female slum dwellers; and notebooks and crayons to slum children. Slum women confided in the members of the Cell about their everyday struggles.

<b>Name of the Programme</b>	<b>Cleaning College Campus</b>
<b>Organizing Unit</b>	Nature's Club
<b>Date:</b>	December 11, 2018
<b>Event category</b>	Environmental awareness
<b>Brief Report</b>	A group of students along with the teaching and non-teaching staff members under <b>Nature's Club</b> of College is formed to deal with the proper cleaning,.

<b>Name of the Programme</b>	<b>Eco-drive by implanting saplings, sustaining medicinal plants within the medicinal garden</b>
<b>Organizing Unit</b>	Nature's Club
<b>Date:</b>	December 12, 2018
<b>Event category</b>	Environmental awareness
<b>Brief Report</b>	A novel drive was taken by the students of Department of Botany to classify all the plants within the college campus, naming them within botanical nomenclature and to make it easy for common people to understand the scientific basis behind it. They also retrieved the local names of the plants and the medicinal use of those plants by common people in the rural area. Apart from this, students from other departments of the College have selected some plants and started the venture of nurturing and maintenance of the plant. The concept inculcate the feelings of love for nature.
