# Policies on the green campus/plastic free campus (2018-19 to 2022-23)

## Measures Taken by our organization to implement the Clean and Green Campus Policy

The Institution is dedicated to manage its campus in accordance with its Clean and Green Campus Policy through establishment of various infrastructural facilities and carrying out different activities as mentioned below:

### ➤ **Increasing the green through tree plantation**

The natural green cover of the campus has been further enhanced by undertaking tree plantation drives on occasions like World Planting Day (March 21<sup>st</sup>) or Van Mahotsav (July 1<sup>st</sup> to 7<sup>th</sup>). Trees have been donated by students as part of their Environmental Science Curriculum, by teachers and local administrative body.

### ➤ **Creation and maintenance of medicinal garden**

The College boasts of a thriving medical garden (Charak Udyan) comprising of various trees herbs and shrubs carefully selected for their medicinal value. Students have been encouraged to donate some of these plants for this garden as a means to instill the knowledge of medicinal value of various plants among them.

### ➤ **Landscaping with horticultural flora**

Landscaping of the College has been done with various perennial and seasonal horticultural flower plants in addition to other wild species that endow a picturesque appearance to the campus.

### ➤ **Restricted use on Single-Use Plastic**

The College strives to be a plastic-free campus and a restriction has been imparted on single-use plastics in classrooms, laboratories, canteens, offices and in the other places. Boards with relevant slogans are on display at several strategic places.

### ➤ **Observance of Days to promote importance of conservation of Nature**

The College has organized seminars, rallies, awareness campaigns, cleanliness drives, tree plantation drives, lectures by eminent Nature conservationists on the occasion of various days Water day (22<sup>nd</sup> March), World planting day (21<sup>st</sup> March) and Van Mahotsab (first week of July) to create awareness among young students and the local about various environment issues and means of conservation of nature and natural resources.

### ➤ **The Green, Environmental and Energy Audit**

The Green, Environmental and Energy Audit of the College has been done by the Department of Environmental Science, Burdwan. The Green Sub-Committee of the College has taken the necessary initiative regarding the matter.
