5.4: Alumni engagement

SESSION: 2022-23-

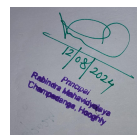

In this session a special attention has been given to the revival of the Alumni Association. For this purpose a few short term initiatives has been taken for effective results. Since such association has long been suffering from the crisis of Covid-19 therefore it is our sheer necessity to revive its organizational as well as procedural framework in a meaningful way. To make this more purposeful, a few initiatives have been taken from the below. Initially Departmental faculty members contacted with their ex-students who overwhelmingly participated in this process and joined their hand to revive their own association. In this session some departments have conducted their Pre-Alumni meets for achieving the main goal while other departments are in row. It is expected that such initiatives will definitely boost up the revival of the central Alumni Association.

Context:

The central Alumni Association has not yet been registered; it is still in the process of formation. The Departmental Alumni Association is a part of the central Alumni Association which is a development partner for this college, the students and the community.

Objective:

- An inclusive and encouraging initiative to eliminate the ill effects of Covid-2020 that imposed a long lasting mental stress on young minds.
- To create a healthy ambience where old pass out students would interact with continuing students and increase cordiality within them.
- The old students would remain connected with the department, provide valuable suggestions regarding up gradation of department which the department would implement if applicable.
- New students would get inspiration from their seniors.
- To create a sense of affection and affinity in the minds of the former and the ongoing students to make the students aware of the different opportunities, to encourage together for their significant contribution for the sake of the department as well as of the institution also.
- To encourage the healthy relationship among the students, teachers, administrative staff of the institution.
- Makes an institute feel proud of our alumni.

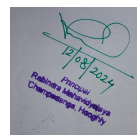

- Allow interacting, reconnect with each other's and share their experience and learn about the latest developments at their alma mater.
- To provide networking and professional development opportunities for alumni. It helps in building community culture.
- To connect with the alumni of the department.
- To plan a schedule for an Alumni Meet.
- To help alumni get placement opportunities that our college offer.
- To encourage the alumni to take more involvement with the institution and make meaningful contribution

Summary:

A departmental pre-alumni meet was organized on 16th August, 2022 at Department of Botany. Previous year students of Session 2017-2018 to Session 2021-2022 were invited for the pre-meet as alumni. Besides, students of continuing batches were also present. The event was organized by the students of continuing semesters. The existing faculty and staff members extended their guidance to meet the event successful. Total 40 student participants were present. A prize distribution event was organized where 3 prizes (1st, 2nd, 3rd) were given to students of previous batches starting from session 2017-18 to session 2019-20 as an initiative to boost and distress them from the ill effects of Covid-2020 devastation. The entire event was presided by a Senior Teacher Prof. Iti Mukherjee, Associate Professor in Economics. Running students along with passed out ones arranged a compact cultural programme, harnessing their soft skills to a greater extent. Refreshment was also enjoyed by all the participants.

The Department of English organized Alumni Meet 2022 on 23.09.2022. Many enthusiastic former students attended the event. It was the first alumni meet for the formation of the Departmental Alumni. The welcome speech for the occasion was given by our respected Principal Sir Dr Prasanta Bhattacharyya. This was followed by short speeches of Prof Iti Mukherjee, Associate Professor of Economics and senior most faculty member, and Prof Krishna Kali Shankar Shaw, Assistant Professor of Political Science. It was then followed by different cultural events. A short cultural programme was performed by the present students of the Department. It was followed by debate competition and extempore. The former as well as ongoing students of the Department participated in these events. Finally, the Department arranged small yet surprising refreshment for the students (former and ongoing) and teachers. The present students made an innovation in the arrangement of refreshments. The present students set up the appealing food stalls with a unique theme. In this food stall total 10 groups participated. The Department arranged such activities to motivate students to work together in a team as well as improve their confidence.

An alumni meet is organized by the Department of Philosophy on 22nd October 2022. Alumni attended more than 35. In that program there was lamp lighting ceremony, dance, drama, recitation etc. At the beginning of the program, the head of the department did the lamp-lighting and students sang Sarasvati bandana along with it. Many alumni present at the event are established in their own field or place and many are pursuing higher studies. Current students are encouraged to see this. Alumni shared their experiences of their founding journey with the current students. They shared their collage memories with current or junior students. Current students have been able to be certain about their future. As a result of our communication with Alumni, we may be able to solve any problem they may have, this can be said to be an effort.

The Department of History has arranged alumni meet on the auspicious day of 5th September, 2022. Passed-out students of 2017-18, 2018-19 & 2019-20 has attended the alumni meet and enjoyed the day with their teachers and junior current students. They had participated in the beautiful cultural programmes with their juniors and delivered speech on their happy memories of the college days.

Feedback report:

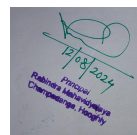

The entire event was found to be successful. A friendly atmosphere was seen throughout the program where pass out students interacted with continuing students and lend their working hands in all events that took place throughout the day of meet. The passed out students extended their guidance to meet the event successful. The ex-students expressed their opinion that the department should organize the alumni meet regularly. Jhumpa Hajra, Pallabi Kar, Sourendra Adak pledged that they will try their best to build strong alumni of the History department. All the ex-students supported their view. The ex students expressed their opinion that they can provide some new books to the department. They hoped that the department will get a huge monetary support from the old alumni who are earning a lot, and they pledged that when they will get job they will contribute the department with a large some amount.

Suggested thinking about the program on a larger scale talk about forming a committee. A Telegram Group was opened to run the activities of Alumni Association and to communicate with members; our alumni assured us to help in their best way.

Interacting with friends, senior, junior and teachers by sharing our past memories we enjoyed that day.

To see our department and our sir ma'am, they truly encourage us for our better future...They give very positive energy so that we can do something for our department.

Coming back to your roots is always soothing. And RMV our college was our second home. We were blessed enough to have such friendly teachers. Their blessings, love and little tit-bits of our

friends, charm of juniors and encouragement of seniors made the alumni meet more lively. Indeed, the day of reunion reconnected the souls very heartily. - Piyali Chakraborty.

It was good as I got a chance to meet my friends and recall the college memories. - Trina Paul.
In short, it was a great platform where we were able to meet all the old folks and enjoy the day. So, we all enjoyed it throughout. - SOUGATA DE.

SESSION: 2021-22-

Department of Botany

A pre-alumni formation event was organised on session 2021-2022 at our department to create a departmental alumni association. In the day of event students of past three sessions were invited by the students of ongoing semester students (Semester I, III, V). The event was chaired by the acting teacher in charge of the institution. Encouraging words were delivered by all faculty members and staff members. The detail procedural protocol of alumni formation was explained to the past students. The duties and expectations from the alumnus were also briefed. However, no funds were collected as it was a pre alumni formation meeting. Cultural programs were organized. Past students were asked to share their past experience with the department as well as speak about their ongoing career endeavours. Prize distribution was organized where toppers of past sessions were awarded with medals and certificate of achievement. Refreshment was arranged for all participant students, faculty and staff.

List of awardees:

Session 2019-20:

First prize: Barsha Sil

Second Prize: Rakesh Koley

Third Prize: Amrita Samanta, Ranjana Das, Sudhamoy Maity

Department of English

No formal 'Alumni Meet' took place in this year. But two former students Bikram Kr Kotal and Riya Ghosh from 2015-2018 batch have a significant contribution by providing some rare books on English literature, Literary Theory, and Criticism. The alumni Bhashkar Pandit (2014-17), Bikram Kr Kotal (2015-18), Sougata De (2017-20), Krishna Dhara (2018-21) to name a few have an important contribution by providing their Alumni visit in the campus at regular intervals and in different events organized by the Department every year to support the existing batch of students in planning and organizing events.

The welcome speech for the occasion was given by our respected Principal Sir Dr Prasanta Bhattacharyya. This was followed by short speeches of Prof Rabiul Alam. It was then followed by different cultural events. A short cultural programme was performed by the present students of the Department. The former as well as ongoing students of the Department participated in these events. Finally, it was followed by a small refreshment for all.

SESSION: 2020-2021-

Department of English

No formal 'Alumni Meet' took place in this year due to the outbreak of Covid-19. But the Alumni of the Department of English, Rabindra Mahavidyalaya, provided mentoring to the then-current students in the Students Counselling Session organized by the department on 1.03.2021 by providing information about career opportunities in the Students' Orientation Programme held during the Covid period. The former Students Bhaskar Pandit (2014-17), and Arnab Santra (2017-20) took a session on career opportunities after graduation and Sougata De (2017-20) took a session on scopes and prospects of Higher Education. They inspired and made the new batch of students feel at home and shared their personal experiences.
